

Dr. Seuss Hop on Pop Charades Game

Instructions: Print the Dr. Seuss character charades and cut out each along the dotted lines. Fold each charade in half. Place one charade inside each balloon and then inflate the balloons.

Put all of the balloons on the floor or in a basket. Divide the guests into two teams. Each child takes a turn selecting a balloon and popping it to find out what his charade is. The child will then have one minute to act out the charade and have his team correctly guess the charade.

If his team correctly guesses the Dr. Seuss character charade, his team earns one point. If his team does not answer correctly within one minute, the other team gets one guess in order to earn one point.
